

## PERTEMUAN 4 OPERASI ARITMATIK

The screenshot shows a window titled "Operasi Aritmatika" with a light beige background. At the top center, it says "OPERASI ARITMATIKA". Below this, there are two input fields: "BILANGAN 1 (A) =" and "BILANGAN 2 (B) =", both of which are empty. Underneath these fields are four buttons labeled "A + B", "A - B", "A \* B", and "A / B". Below the buttons, there is a label "Hasil operasi" followed by a large empty text box. At the bottom, there is a label "Adalah" followed by another empty text box.

This screenshot shows the same "Operasi Aritmatika" window after an operation. The "BILANGAN 1 (A) =" field now contains the number "8" and the "BILANGAN 2 (B) =" field contains "9". The "A + B" button is highlighted with a dashed border. Below the buttons, the "Hasil operasi" label is followed by the text "8 + 9". The "Adalah" label at the bottom is followed by a text box containing the number "17".

```
Private Sub cmdabagib_Click()  
    lboperasi.Caption = TXTA.Text & " / " & TXTB.Text  
    txthasil.Text = Val(TXTA.Text) / Val(TXTB.Text)  
End Sub
```

---

```
Private Sub cmdaplusb_Click()  
    txthasil.Text = Val(TXTA.Text) + Val(TXTB.Text)  
    lboperasi.Caption = TXTA.Text & " + " & TXTB.Text  
End Sub
```

---

```
Private Sub TXTA_KeyPress(KeyAscii As Integer)  
    If (KeyAscii < 48) Or (KeyAscii > 57) Then  
        KeyAscii = 0  
        pesan = MsgBox("Tekan tombol bukan angka? Oooo, tidak bisa...!!!", vbOKOnly, "Kesalahan tekan")  
        TXTA.SetFocus  
    End If  
End Sub
```
